Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 5 Other: Applicants did not select a single SEQ ID NO: in response to the restriction requirement and thus did not comply with the restriction requirement. It is further noted that the SEQ ID NOs of the primers are distinct nucleotide sequences and that inclusion of the primer claims with the plant and method claims in the response does not conform to the groupings of the original restriction. Moreover Applicant did not provide any reasoning why they should have been included.
